

Collect a legend

Explore a digital future

Collect the legendary nine. Build shared conviction.

Nine legendary horses

Collectibles inspired by legendary Chinese horses, each with its own session, order range and collection period.

Start with one

Explore the collection, check the rules and reserve your favorite.

Your first legend starts here

Activate for 10 USDT / Receive 28 MALAI

10 USDT / One-time fee

Activation and collectible orders are separate. Each collectible order requires its own payment.

Six steps

Activate → Reserve → Join the purchase session → Pay within 30 minutes → Collect → Transfer and settle under the rules.

Nine daily sessions

Make time for your favorite

13:00–21:10 / UTC+8

Hourly starts / 10 minutes per session

Reserve in advance and click to participate in the assigned session. Across the nine horses: 50–2,000 USDT and 1–15 days.

Full-period rates: 4%–25%

Each rate applies to the horse’s entire collection period, not each day.
Transaction and execution conditions apply.

MALAI

Connects each step

Referral-based distribution / Market-set pricing

Refund or consumption depends on the outcome

Participate on time but fail to secure an order: refunded. Secure an order or miss participation: consumed.

Market listings / 5% seller fee

Calculate only after a trade completes. Net proceeds = executed quantity × execution price × 95%.

From one horse to nine

Build a complete collection

Recurring collection task / +288 MALAI

Collect all nine horse types

Each completed nine-horse collection task rewards 288 MALAI.

A goal at your own pace

Before choosing a horse, check the order amount, MALAI cost, session and collection period.

Begin with collecting

Build with fellow collectors

Qualifying user / At least 1 unexpired product

Regular referral eligibility

Hold an active collectible and satisfy the conditions of the relevant reward.

Regular referral rewards

Paid in MALAI. Market prices are set freely; a listing price is not an executed price.

Know how rewards work

Build with clarity

Direct: 5% / Generation: 1% / Differential: 5%–70%

Direct, generation and rank differential rewards

Based on relevant downstream MALAI consumption. Each additional qualifying direct referral unlocks one generation at 1%, up to 20.

Same-rank reward: 10%

At the same rank as your direct referral, receive 10% of their generation, direct referral and rank differential rewards combined, paid in MALAI.

V1–V9

Clear steps to each rank

Member count + Personal MALAI consumption

V1–V7: Members / MALAI consumed / Rate
5/50/5% · 15/100/10% · 50/200/15% · 150/400/20% · 300/600/30% · 600/1000/40% · 1000/1500/50%

V8 / V9: Branch conditions
2 V7 members across 2 branches → 60%; 3 V8 members across 3 branches → 70%. Consumption is in MALAI; counts refer to qualifying members.

Participate each day

Earn MALAI step by step

Reserve AND join / Additional daily tiers

3 sessions: +3 / 6: +5 more / 9: +12 more

Cumulative totals: 3, 8 and 20 MALAI. Refer 1 qualifying user that day for a separate 6 MALAI.

One-time and recurring tasks

First completed market trade: +6; link email: +5; collect all nine horse types: +288 MALAI per completed cycle.

Pay within 30 minutes

Keep your collection on track

Payment deadlines / Limited reinstatements

Pay USDT within 30 minutes of securing an order

Late payment triggers automatic blocking: referral rewards stop and automatic payouts for unreceived orders pause.

First: 50 / Second: 200 MALAI

After paying the reinstatement amount, settle the original order within 30 minutes. A third default results in permanent blocking.
